

Companions/Friends of Religious Congregations

Charisms that have previously been the domain of vowed religious are lived out in homes and workplaces finding new expression in today's world. Religious orders, who may be attracting fewer members to vowed life, are drawing significant numbers of people to live in relationship with them, sharing dreams and working towards common goals to bring about the reign of God. This is an evolving relationship between laity and religious orders.

If you are interested in knowing more about this, current contact details are:
